Subject: Comments on NYM/2017/0837/FL - Case Officer Miss Helen Webster - Received from Ms Sara Robin at Yorkshire Wildlife Trust, 1 St Georges Place, York, N Yorks, YO24 1GN
Date: 01 February 2018 17:05:21

The thorough survey by John Drewett shows that the building had no signs of roosting bats. Although the survey was carried out in January when bats are not active I am happy with his conclusions. The site is close to reasonable bat habitat but the building has few potential bat roost opportunities. The Method Statement at 8.1 should be conditioned.
