Hi Wendy,

The only other comments to the application for the wood store at Overdale Egton NYM/2018/0009/FL is the map is deceiving as the house is closer to the fence than the map shows and there is only 6 ft from living room window to the fence where log store is located, This could be a fire hazard and when we were at the property work was been carried out just next to the store and not down the field as shown on the map.
