## **AMENDED PLANS**

### **NYM/2018/0078/FL Demolition works, construct single storey extension and detached workshop/shed at The Hermitage, Newlands Road**

The amended plans have been considered by Cloughton Parish Council. Councillors are pleased to see the workshop/shed is to be re-located and have a more appropriate appearance. Council has no objections to the amended plans.

I would confirm that Council still asks that a condition is placed on any consent so as to prevent the use of the workshop/shed for any business or commercial purpose.
