Ref NYM/2018/ENQ/13972

Dear Sir/Madam,

I am proposing to replace existing wooden front and rear doors and door frames with composite doors and door frames. I need planning permission to replace the rear door frame (I refer you to your letter dated 12 /02 / 2018 enclosed).

Please find enclosed planning application and cheque for £206. I have been asked by your officer to provide as much information about the proposed works as possible. I have endeavoured to do so. Please let me know if you require any further details.

Yours faithfully,

D.Marsden

With regard to item 13 on the application form and the plan identifying the land to which the application relates I was advised by your office to obtain one from the Ordnance Survey map suppliers. However on contacting them I was further advised they do not issue these themselves but through agents, namely The Map Centre or emaps. I have obtained a map from the former and hope this is acceptable.
