Subject: RE: Kings Head Cottages

Hi,

I discussed this with the applicant and agreed the basement would be omitted. Re the first floor, I agreed the stub wall around the kitchen could be removed but not the original wall between the two front rooms. The plans should be amended to retain this and the existing door between the rooms, reinstating the old panel door. This will prove a separate bedroom to the smaller room and a living room/kitchen to the larger.

thanks
Ed
