LETTER OF SUPPORT

I have lived in Ryedale all my life which is 57 yrs ,born and raised in Nunnington where my grandparents,and parents lived until passing away .
I am a very proud Yorkshire man and always take the White rose flag on my travels with work which as taken me around the world , also to put on a hotel wall if possible.
The North York Moors Planners should approve the application by Third Energy on the reasons -
1) Local jobs for the up and coming children
2) Businesses enjoying all year round trade
3) Securing jobs at the Knapton Generating Station

WHY IMPORT GAS WHEN ITS UNDER OUR FEET
