Dear Sir/Madam,

Ebberston Moor Planning Application – NYM/2014/0587/EIA

We are writing to you in support of the above planning application that has been proposed by Third Energy Ltd who are based at Knapton Generating Station.

We believe that approval of the scheme will ensure the employment of those who work at the Generating Station and that in addition the planned work will be good for the economy of North Yorkshire and the Ryedale area and that gas production in general will benefit the whole of our community.

Yours faithfully,

David Pasley
