Subject: RE: NYMNPA NYM/2014/0587/EIA Notice of Planning Committee

Dear mar,
 Thank you for letting me know.
 Hopefully the North York Moors will follow in the footsteps of Lancashire!
 Yours faithfully,
 Katherine Treherne

 Our ref: NYM/2014/0587/EIA
 Date: 13 July 2015

This matter is being dealt with by: Mark Hill

Dear Sir/Madam

Natural gas production and water re-injection at the existing borehole at Ebberston Moor South Well Site, the drilling of a second borehole for water production and re-injection, the construction of a 13.9 km long 12" diameter underground pipeline from the Ebberston Moor South Well to the Knapton Generating Station (KGS) at East Knapton, Malton and construction of ancillary works at the Generating Station at Ebberston Moor South Well Site, Ebberston Common Lane, Snainton to Knapton Generating Station, East Knapton

You wrote to me on 27 October 2014 with your views about the above proposal, and I noted in my acknowledgement letter that I would let you know if the matter was to be considered by the Planning Committee and how you could attend the Meeting or/and submit further views. The application has been placed on the agenda for the next Planning Committee Meeting which will take place on Thursday **23 July 2015 at 10.00am** in the Committee Room at The Old Vicarage, Helmsley. You will be able to read the Officer's report and full agenda five working days before the Meeting either via our website (www.northyorkmoors.org.uk) or at the National Park Offices in Helmsley.

The following link to the Public Speaking Guidance Note provides details of your opportunity to speak at the Committee Meeting:

<http://planning.northyorkmoors.org.uk/MVM.DMS/Planning%20Application/810000/810934/01%20NYM2014-0587-EIA%20Committee%20Public%20Speaking%20Guidance%20Note.pdf>

If you wish to speak you must register this by telephoning a member of our Development Management Administration Team on 01439 772700 **before 12 noon on the day before the Committee Meeting** or via email (planning@northyorkmoors.org.uk). If a number of people wish to speak for or against the proposal you will be asked to nominate one person to do so and will be advised who else wants to speak and how to contact them. Alternatively you may decide to submit further written comments that can be brought to the attention of the Planning Committee. These must be received via fax, letter or email **by 12 noon on the day before the Meeting**, but you should note that further correspondence that repeats points you have already made may not be brought to the attention of the Planning Committee. If you have any questions concerning the above Committee procedure or need to identify any special arrangements you may require to provide a fair hearing please do not hesitate to contact either a member of our Development Management Administration Team or the Planning Officer named above who is dealing with this matter. Please also note that the Planning Committee deals with other aspects of planning in addition to determining planning applications and the agenda may include planning policy reports and other planning related matters in advance of the planning application list. Unfortunately due to the shortage of space at these offices parking is not available, except for disabled persons who will be allocated a parking space if requested in advance of the Meeting.

Yours faithfully

Mark Hill

Does this mean it's gone to Pickles?
Why are they allowed to declare it as "water" when it's not intended to be just water?
What else are they injecting?
What emissions will there be?
How will it affect local roads, tourism and house prices?
Are endocrine disruptors involved? Radioactivity?
