Our Ref: S.963/MWCF

Dear Sir/Madam,

RE: Application for construction of 4No. ponds to supply proposed hydroelectric scheme and erection of a turbine shed at Hogarth Hill farm, Boggle Hole, Fylingdales

Further to having received your letter dated 28th December 2007 regarding the above and for which I thank you, please find attached hereto the two copies of the agricultural holdings certificate – as attached to your abovementioned letter – signed, completed and dated as required.

~~Having now sought further information from the Applicant I would also further inform you that the energy to be generated would not exceed 8KW.~~

Thank you also for the receipt for the cheque for £135-00. I trust that a receipt for the additional £405-00 sent with my letter to you (with other enclosures) dated 17th December 2007 will be forthcoming in due course.

I sincerely hope that you now have all the information you require and that the application can now be taken forward as required. I look forward to hearing from you further in due course: in the meantime, please do not hesitate to contact Mike Forster on mobile number 07977 333777 if you still require any additional information.

Yours faithfully,

PhD MRICS
