(To be completed by the applicant)

Application is being made

- (a) for consent under section 37 of the Electricity Act 1989 to install or keep installed an electric line above ground.
- (b) for a direction under SECTION 90(2) OF THE TOWN & COUNTRY PLANNING ACT 1990 that planning permission for the proposed development be deemed to be granted.

1. Particulars of proposed development. (These particulars should be accompanied by such plans as may be necessary to enable the local planning authority to identify the land affected by the proposals and to appreciate the nature and extent of the proposed development and by a copy of the environmental statement if the applicant has prepared one.)

In order to improve the electricity supplies under the Sleights scheme in the Ruswarp area it will be necessary for Bethell Power Services Ltd on behalf of NEDL to rebuild the existing overhead powerlines and replace associated equipment which has reached the end of its service life.

The lines will be rebuilt in the existing locations with aerial bunched conductor (ABC) and the sections to be replaced totaling 520 metres are shown in red on plan 9815081/5.

2. Particulars of any representations or objections which have been made to the applicant.

3. Particulars of the applicant's compliance with his duty under paragraph 1 of Schedule 9 to the Electricity Act 1989.

It is not considered that the electric line will have any impact upon the surrounding landscape due to the line being a direct replacement for the existing line.

Date: 27-6-07 20

For and on behalf of the applicant.

Note: This Part to be completed, dated and signed before submitting

5. Do the local planning authority agree that the proposed development should be approved by the Secretary of State for the Department of Trade and Industry as described? (If the answer is no, please answer question 6.)

6. Would the local planning authority be prepared to agree that the proposed development should be approved subject to modifications or conditions? (If so, specify the modifications or conditions proposed and state whether they are acceptable to the applicant.) (Note: the precise form of any modifications or conditions subject to which the consent or direction given is a matter for the Secretary of State, but he will have regard to the form of words used by the local planning authority.)

7. Does the local planning authority consider that the application should be accompanied by an environmental statement in accordance with the Electricity Works (Environmental Impact Assessment (England and Wales) Regulations 2000? (If so, please specify the particular points arising from the application which have caused the local planning authority to take this view.)
