PART 1 6th August, 2007

NOTES: This Form is for use in connection with an application for the Secretary of State for the Department of Trade and Industry's consent under section 37 of the Electricity Act 1989 to install and keep installed above ground an electric line of a nominal voltage of less than 132 kilovolts. The Form should be sent in quadruplicate to each District / Borough Council in whose area the proposed development would be situated.

Applicant's reference: KP 9813622
To the Chief Executive North York Moors National Park

Dear Sir

Electricity Act 1989

Application is being made to the Secretary of State for the Department of Trade and Industry for his consent to the development described overleaf. The Secretary of State will at the same time be requested to direct that planning permission for this development shall be deemed to be granted. The consent and the direction may be given subject to conditions.

To assist the Secretary of State to determine the application The District / Borough Council is requested to return to me two copies of this Form with Part 1 Certificate and Part 11 completed and signed together with one certified plan.

Department of the Environment Circular 14/90 (Welsh Office Circular 20/90) (Department of Energy Circular 1/90) describes this procedure and the reason for it.

NYM/2007
16 AUG 2007

Yours faithfully

For and on behalf of the applicant.

CERTIFICATE

(To be completed by or on behalf of the District / Borough Council)
The District / Borough Council

- (i) *object on the grounds set out below
have no objection to make to the development described overleaf.
- (ii) *request
do not request that a public inquiry be held pursuant to paragraph 2 of Schedule 8 to the Electricity Act 1989 before the Secretary of State reaches his decision on the application.

Dated Signed
* Delete as appropriate Designation

On behalf of the District / Borough Council
(Reasons for objections)

PARTICULARS OF PROPOSED DEVELOPMENT AND REPRESENTATIONS

(To be completed by the applicant)

Application is being made

- (a) for consent under section 37 of the Electricity Act 1989 to install or keep installed an electric line above ground.
- (b) for a direction under SECTION 90(2) OF THE TOWN & COUNTRY PLANNING ACT 1990 that planning permission for the proposed development be deemed to be granted.

1. Particulars of proposed development. (These particulars should be accompanied by such plans as may be necessary to enable the local planning authority to identify the land affected by the proposals and to appreciate the nature and extent of the proposed development and by a copy of the environmental statement if the applicant has prepared one.)

As part of the ongoing improvement works to our electricity distribution network in the Grosmount area BETHELL POWER SERVICES on behalf of NEDL propose to replace various sections of existing low voltage electrical conductors in favour of aerial bunched conductors. The existing three wire electrical conductor will be bunched into an insulated single wire arrangement (SEE ATTACHED PHOTOGRAPH)..

The existing sections of line which are to be re-conducted are shown coloured Red on the attached copies of drawing number 9813622 and have a total length of 550 metres.

3. Particulars of the applicant's compliance with his duty under paragraph 1 of Schedule 9 to the Electricity Act 1989.

It is not considered that the electric line will have any impact upon the surrounding landscape due to the line being in direct replacement for the existing line.

Date: 16th August, 2007.

For and on behalf of the applicant

Note: This Part to be completed, dated
and signed before submitting

Signed

4. Does the proposed development involve the demolition, alteration or extension of a building of special architectural or historic interest included in a list compiled or approved under section 1 of the Planning (Listed Buildings and Conservation Areas) Act 1990?

5. Do the local planning authority agree that the proposed development should be approved by the Secretary of State for the Department of Trade and Industry as described? (If the answer is no, please answer question 6.)

6. Would the local planning authority be prepared to agree that the proposed development should be approved subject to modifications or conditions? (If so, specify the modifications or conditions proposed and state whether they are acceptable to the applicant.) (Note: the precise form of any modifications or conditions subject to which the consent or direction given is a matter for the Secretary of State, but he will have regard to the form of words used by the local planning authority.)

7. Does the local planning authority consider that the application should be accompanied by an environmental statement in accordance with the Electricity Works (Environmental Impact Assessment (England and Wales) Regulations 2000? (If so, please specify the particular points arising from the application which have caused the local planning authority to take this view.)

Date:

20

Signed

(Designation)

On behalf of the Council
(Local planning authority for the area in which the proposed development is to be carried out)

Two completed copies of this Form, both signed, together with a certified plan, should be returned to the applicant for submission by him to the Department of Trade and Industry.
