EXISTING GARDENS - GENERAL NOTES

- Formal garden area to generally retain existing character and features.
- Remove timber walls work alongside stream and replace with suitable railing.
- Create seating area at end of garden adjacent to gateway.
- Remove loose gravel from small pathways between hedges and replace and compact area (eg. existing bare earth paths) with a more suitable material (eg. fresh bound gravel).
- Existing planting to be retained as required to mesh into new planting areas.

KEY:

	Ornamental planting
	Hedgerow
	Spot planting
	Proposed feathered tree
	Gravel edge strip
	Ornamental mix planting
	Existing planting
