Householder Application for Planning Permission for works or extension to a dwelling. Town and Country Planning Act 1990

Publication of planning applications on council websites

Please note that with the exception of applicant contact details and Certificates of Ownership, the information provided on this application form and in supporting documents may be published on the council's website.

If you have provided any other information as part of your application which falls within the definition of personal data under the Data Protection Act which you do not wish to be published on the council's website, please contact the council's planning department.

Please complete using block capitals and black ink.

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application.

DESIGN STATEMENT

Project: Replacement of Front Elevation Windows

Address: Forge Cottage - Egton - Whitby

History: The main building consists of a single storey, stone and pantiled

structure. Notable features include the stone corbelled gutter supports and the intricate carved stone finials to the gable ends. These are typical features that the masons employed for the Foster estate immediately before the First World War. Later additions to the building include a small side extension and front porch. These were probably added when

it was converted to a dwelling.

There are three window openings to the front elevation of the main structure. These vary in size and are assumed to have been altered from

the original, perhaps during the conversion.

Proposals: The application relates to these three windows where it is proposed to

replace these windows with new timber casements.

It is felt that the existing small paned window design would not have been used in the original building and are inappropriate. The new design aims to simplify the appearance and give a more basic plainer appearance

that the original structure would have had.
