-  F3 Privacy screen adjacent to properties refer to drawing 501
-  F4 1050mm Fencing at site boundary hedge planting adjacent to fence and planting is safe for use adjacent to highway
-  - - - - - extent of adopted highway

SURFACE SPECIFICATION

- S1: 80mm thick Marseal's Keyblock pavers to LA, adoptable standards, colour as specified, laid to manufacturers recommendations.
- S2: 450x450x50mm precast concrete paving slabs with PCC square edged kerb laid flush with surrounding surfaces.
- S3: 50mm thick Marseal's Keyblock pavers to LA, adoptable standards, colour as specified, laid to manufacturers recommendations.
- S4: Gravel strip
- K1: 200x100x127mm Marshville KL battered standard block kerb laid as band flush with surrounding surfaces.
- K2: Marshville Drop crossing kerbs KL half battered laid as band flush with surrounding surface.
- K3: 50 x 225mm PCC kerb laid flush with surfaces.
- K4: Demarcation within highway using single strip of pavers in stretcher bond.

Allow "stepping stone" footpaths to all ground floor window and service meter positions where structural is taken immediately underneath. Allowance is to be made in the provision of all hard landscaping for full transition and dropped kerbs wherever necessary to facilitate wheelchair access to footpaths to house entrances where they intersect and from all car-parking bays to the driveways away from.

Site Area 2900 sq m. 0.29 Ha. 0.72 Acres
