12. Asse: ssment of Flood Risk	NYM / 2010 / 11 9 3 1 / F 1						
Is, the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map show flood zone: 52 and 3 and consult Environment Agency standing advice and your local planning ar requirements for information as necessary.)	ing						
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the pri	oposed site.						
Is your pro posil within 20 metres of a watercourse (e.g. river, stream or beck)?	Yes  No						
Will the proposal increase the flood risk elsewhere? Yes No							
How will surface water be disposed of?							
Sustainable drainage system Main sewer	Pond/lake						
Soakaway Existing watercourse							
13. Biod iversity and Geological Conservation							
To assist in answering the following questions refer to the guidance notes for further information	on when there is a reasonable likelihood that any important hiodiversity						
or geological conservation features may be present or nearby and whether they are likely to be a							
Having referred to the guidance notes, is there a reasonable likelihood of the following being aff on land adjacent to or near the application site:	ected adversely or conserved and enhanced within the application site, OR						
a) Protecte d and priority species							
Yes, on the development site Yes, on land adjacent to or near the proposed	development ( No						
b) Designated sites, important habitats or other biodiversity features							
Yes, on the development site Yes, on land adjacent to or near the proposed	development   No						
c) Features of geological conservation importance							
Yes, on the development site Yes, on land adjacent to or near the proposed	development No						
14. ExistingUse							
Please describe the current use of the site:							
Agricultural building							
Is the site currently vacant? Yes   No							
Does the proposal involve any of the following?  If yes, you will need to submit an appropriate contamination assessment with your application.							
Land which is known to be contaminated? Yes • No							
Land where contamination is suspected for all or part of the site? Yes •	No						
A proposed use that would be particularly vulnerable to the presence of contamination?	∩ Yes    No						
15. Trees and Hedges							
Are there trees or hedges on the proposed development site?	0						
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Yes No							
If Yes to either or both of the above, you <u>may</u> need to provide a full Tree Survey, at the discretion accompanying plan should be submitted alongside your application. Your local planning author accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.							
16. Trade Effluent							
Does the proposal involve the need to dispose of trade effluents or waste?							
17. Residential Units							
Does your proposal include the gain or loss of residential units?	↑ No
