

Design and Access Statement

I am making an application to install a gas ~~of~~ service pipe which will supply gas to number 2 Warley cottage, Robin Hoods Bay, NORTH YORKSHIRE

This pipe will be installed by the United Utilities, it will be of their specified design no wider than 25mm in diameter. It will be painted black to match existing service pipes and soil pipes currently sited on the front of Primrose cottage and Warley cottage

The gas engineers have visited the property & undertaken a survey of the site and this application meets their safety regulations

The pipe will enter Warley cottage just to the left of the living room window at the

closest point to the join where PIMUSE / WALLEY and the existing chip shop meet.

The pipe will be connected to a gas meter which is to be installed in an existing cupboard in the lounge.

The length of the pipe from ground to the point at which it enters the property is APPROX
