**Subject:** Planning permission wind turbine Southmoor Fm Bickley

FAO Mrs Hilary Saunders

I hope that this is not too late to be considered, but we wish to strongly support the application for a wind turbine at Southmoor Fm Bickley for Mr Bob Walker.

We consider this to be an ideal location for the installation of a wind turbine as there are no neighbouring properties and it is a windy isolated area. This is an efficient and eco-friendly way to provide all the energy required for the property and produce a surplus for the national grid.

We feel that any visual impact will be minimal and certainly less intrusive than the huge electricity pylons that transect the Park//

We do hope that the NYMNPA will be able to support and approve this application

Yours sincerely

Margaret & William Farey
