have been unsuccessful in obtaining a copy of the list description. I have been unable to locate the property on our planning database and as such I cannot provide you with the information I promised. I would be grateful to receive a location plan indicating the position of the property in the wider setting (this is a more accurate and reliable way of researching the planning history in comparison to 'name' searches which can often be affected by spelling errors or changes in property names) to enable me to progress your enquiry.
