Extension at 186 (to the left) is 4.5m deep and that at 190 (to the right) is 5.5m).

The present conservatory at 188 is 2.1m deep.

The proposed extension would be 4m metres deep.

The extension would follow the line of the right hand side of the present conservatory (existing soil pipe remaining external) but to the left would meet the wall of number 186 (with about 100mm gap).

Existing Conservatory: 188 Coach Road
