Subject: ladycross amended layout

Morning Mrs Saunders,

I've attached the new layout which has the following amendments

42 lodges
10 Statics in the middle field with parking (which has the permission from the previous approval)
7 New touring area (western boundary)
30 new touring area (southern boundary)
9 new motor homes
5 camping pods
87 existing tourers
190 total

20m boundary marked on Northern side, northwest side and southern side and 15m on southwest side

Play area marked on

Entry and exit walls positioned on the entry and exit roads to the lodge area

Static positioned to the side of the shop as temporary accommodation for wardens only shown as a black rectangle

I would also like to add in a permission for the water bore hole which will be positioned in the area in front of the house (where you parked) as that is where the main water supply comes to and splits to the site and toilet blocks.

Please would be kind enough to have a look and let me know if you require any further information added / changed and do I have to resubmit the whole application or is the new amended drawing enough with what has been put in previously ?

Thanks for your time and I will perhaps give you a call later

Kieran
