Dear John,

Re: Funding for Nature Trail on Fylingdales Moor

I write on behalf of Fylingdales Moor ESS Ltd to support your application to the National Park for funding of the above mentioned nature trail on Jugger Howe Moor.

We feel that this is essentially important to give support to the Education Programme which is being undertaken to try to interest and educate both school children and adults to all aspects of Fylingdales Moor.

We wish you luck in your efforts to gain the funding for this worthwhile and important project. Please let us know if there is anything else we can do to help.

Kind regards
Yours sincerely,

Julie C. Crabtree

Nature Trail at Jugger Howe

Dear John,

I am writing on behalf of the Manor of Fyling Court Leet to offer our full support for the proposed nature trail on Jugger Howe Moor. As you know the court leet has been involved with Fylingdales Moor for hundreds of years now, but it is nice to see new and varied uses for the moor, the nature trail being one.

We wish you well in your efforts to gain funding for the project. If the court leet can be of any further help with this project please contact me.

Yours sincerely,

L.E.Hodgson

Dear John,

As owner of Fylingdales Moor, I would like to extend my full support for your project to create a wildlife trail on Jagger Howe Moor and for your efforts to raise the funding for that trail,

Yours sincerely,

Frederic Strickland-Constable

CONSENT OF NATURAL ENGLAND

Section 28E(3)(a) Wildlife and Countryside Act 1981 (as amended and inserted by section 75 and Schedule 9 of the Countryside and Rights of Way Act 2000)

Natural England gives you consent to carry out, cause or permit to be carried out, the operations specified above on the land specified above.

If you wish to change the proposed operations or their location or to carry out additional operations for which consent has not yet been given, or if a time period given in the notice, above, has expired, you are required to give further written notice to Natural England.

Unauthorised operations may destroy, damage or disturb features of special scientific interest.

It is the responsibility of the grantee of this consent to ensure that no other consents, whether of a public or a private nature, are needed and, if needed, to secure them him/herself. The grantee is also responsible for carrying out the consented operation(s) safely and in all ways according to the law.
