To whom it may concern

In accompaniment to our application for change of use I would like to add a personal letter.

We are a family of six, myself, my husband John and our four children aged between 1 and 7.

John was born in Stainsacre and lived in the village until he was 29. His mother, Mary, was the Head Cook at Stainsacre Hall for over 30 years and together with Keith, John's father, still live in the village now.

At the time of John's birth, his parents were living in a property provided by the Hall and tied with Mary's job. As a result of this John spent a lot of his childhood in and around the Hall and grounds.

I am from Robin Hoods Bay, where my parents live and three of our children attend school.

John runs his own Company, JC Fabrications Ltd, founded in 2001. This is based locally on Stainsacre Industrial Estate, employing 15 local people.

We are loving living back in Stainsacre and being closer to our families, school and work.

Many local residents have told us how pleased they are to see the Hall being renovated and for a local family to have bought it. We are told it has stood empty and unloved for so long and even before then, whilst it was ran as the Outdoor Education Centre, there was often trouble in the village from the youngsters visiting.

We have been researching the history of the Hall and as such are in touch with Mrs Robinson. Her father owned the Hall up until it was purchased by Middlesbrough Council and subsequently granted Commercial status.

She kindly brought us some very old photographs showing the Hall in its original residential form. I have enclosed a set of these for your perusal.

With kind regards
