Are you proposing to connect to the existing drainage sys	stem? Yes •	No 🔘 Unknown						
·								

12. Assessment of Flood Risk							
Is the site primin an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zon, and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.) Yes No							
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.							
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?							
Will the proposal increase the flood risk elsewhere? Yes No 1 JAN 2013							
How will surface water be disposed of?							
Sustainable drainage system Main sewer Pond/lake							
Soakaway Existing watercourse							
13. Biodiversity and Geological Conservation							
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.							
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:							
a) Protected and priority species							
Yes, on the development site Yes, on land adjacent to or near the proposed development No							
b) Designated sites, important habitats or other biodiversity features							
Yes, on the development site : Yes, on land adjacent to or near the proposed development • No							
c) Features of geological conservation importance							
Yes, on the development site Yes, on land adjacent to or near the proposed development No							
14. Existing Use							
Please describe the current use of the site: Recreational Forest							
Is the site currently vacant? Yes No							
Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.							
Land which is known to be contaminated? Yes No							
Land where contamination is suspected for all or part of the site? O Yes No							
A proposed use that would be particularly vulnerable to the presence of contamination? Yes No							
15. Trees and Hedges							
Are there trees or hedges on the proposed development site? Yes No							
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? Yes No							
If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.							
16. Trade Effluent							
Does the proposal involve the need to dispose of trade effluents or waste? Yes No							
17. Residential Units							
Does your proposal include the gain or loss of residential units? Yes No							
18. All Types of Development: Non-residential Floorspace							
Does your proposal involve the loss, gain or change of use of non-residential floorspace? Yes No
