

The Bothy Quaint from Arch Leisure...

The Bothy Quaint

The Arch Leisure – Bothy Quaint is charmingly 'odd' but in an old fashioned way. It blends sympathetically with its surroundings in both gardens and rural landscapes.

Product Description

The Bothy Quaint is the smaller of our range of buildings, each being built from pre-formed wooden Arches. The Quaint is at home when used as a Garden Room Office, used in holiday parks or in the wild as Camping accommodation. The wooden Arches are strong, robust and durable and can be produced in a variety of lengths making it possible to produce buildings of wider and higher dimensions.

The Quaint has a built-in integrated veranda with LED lights and a spacious interior that can be used for all manner of purposes. This standard camping model incorporates sleeping accommodation for at least 3-4 people with basic food and drink preparation facilities.

- ✓ High levels of insulation make it suitable for all weather use
- ✓ It's cosy because it more than shelters you in inclement weather
- ✓ It's homely because it is capable of being fitted with many more home comforts
- ✓ It is very cost effective and is really good value for money
- ✓ Stylish because it uses the Gothic Arch shape that has been around for centuries!
- ✓ Requires minimal foundation preparation
- ✓ Standard electrical connectors to connect with external supplies

Features

The Camping model successfully combines a homely interior, with a long life structure requiring minimal maintenance.

- Flexible bitumen Shingle roof tiles
