Dear Mrs Clarke,

Planning Application & Decision NYM/2012/0714/FL
Landscaping Scheme

I refer to the planning decision NYM/2012/0714/FL relating to our home at Moor Lodge, Aislaby. The decision included Condition 7 which requires the submission and approval of a landscaping scheme for the site. In accordance with this condition, I enclose a plan indicating the positions for planting of a new hedgerow and tree in the area to the north east of the garage extension, as specified in condition 7.

The hedgerow will follow close to the line of the existing post and rail fence, taking account of the existing oak tree and allowing space for the planting of a new Goat Willow tree in a potentially damp area. The hedge species planned are a random mix of hawthorn, blackthorn and holly with some preference towards blackthorn in potentially damper regions. The line of planting will be at approximately 40 cm intervals and incorporate some stagger between plants. The hedge will be allowed to grow to a height of approximately 1.5 m.

I trust that this plan meets the objectives of the condition.

Yours sincerely,

Dr Stephen Norval
