**Ellerburn Multi User Trail - CVC check for the trail conditions**

Dear Hillary,

Please see enclosed the method statement for Ellerburn Multi User trail as a condition for the planning permission. We are aiming to start installing the new fence line as soon as possible, with the construction starting on the 1<sup>st</sup> of May, dependent on the approval of funding.

I hope this provides you with enough information to approve our plans, so that we can inform the neighbours and can start the works.

Yours sincerely

Petra Young  
Funding and Development Manager
