For the Attention of Cheryl Ward.

Further to our recent telephone conversation regarding my preliminary enquiry for proposed elevational amendments to a current planning permission at the above site please now find attached to this email a copy of the completed `Application for a non-material amendment following the grant of planning permission` (on 5 Nr. separate A4 size sheets) together with a copy of the prepared A1 size drawing showing the proposed elevational amendments to the approved two storey side extension.

As per your recommendation, the proposed ground floor level bay window detail to the dining area of the proposed side extension has been deleted and replaced with a flush window opening having slightly greater opening dimensions than the approved window in this position as you did indicate that a slightly larger window opening could be acceptable. All other window and door opening amendments remain the same as on the drawing which accompanied my preliminary enquiry.

For the avoidance of doubt the attached drawing has been re-dated as 24 April 2013 - Revision `A`.

I will ask the applicant to forward on to your offices the required fee of £28.00 to accompany this application as soon as possible.

Kind regards

Tony Clarke
