Proposed machinery shed application

Y0213TL

5th Aug 2013

We propose to build an adjoining steel-framed building with grey fibre cement roof sheets with inter-spaced skylights. Walls to be constructed of concrete blocks to half height with Yorkshire Boarding above all to match existing modern buildings for the purpose of storing machinery.

The size of the proposed shed is

18.3 metres length

13 metres wide

4.2 metres to eaves

5.7 metres overall height with a 15° pitch
