Dear Mrs Saunders

**PLANNING APPLICATION AT KIRKSIDE COTTAGE  
NYM/2014/0801/FL**

Further to my conversation with your assistant on Wednesday afternoon, I wish to make a further point in support of the above planning application.

In my mind, one of the biggest eyesores in the village is the number of cars littering the street. The sheer number of cars parked on the road detracts from the beauty of this village and spoils the conservation area.

I strongly applaud anyone who is taking the positive step of improving their own garage facilities to accommodate additional cars. Every car off the road and hidden away in a garage improves the general outlook of the village for everyone - residents and visitors included.

Some recent developments in the village have actually decreased the amount of off-street parking and this has resulted in more cars being parked on the road - a situation in my mind that should be reversed.

I have limited mobility and therefore cannot attend the planning committee in person to make this point. I respectfully request for you to read out this point in the planning committee meeting.

Yours sincerely

D A R Hall
