Validation Checklist

Planning Permission - Non Householder Applications

To ensure that the Planning Officer dealing with your planning application has a complete picture on which to base their judgments and to ensure proper public consideration, the following information is required at application submission stage. Failure to supply the required information with a planning application submission will delay a decision on the proposal as the statutory determination period will not begin until the required information is submitted and the validation requirements fulfilled.

Please complete the attached checklist to indicate what you have included with your application. All plans should include paper size, key dimensions and scale.
