Proposed Straw Shed Extension

02 APR 2014

31st March 2014.

We propose to build an extension to our existing straw shed with grey fibre cement roof sheets with inter-spaced skylights. Walls to be Yorkshire boarding all to match existing shed for the purpose of housing straw.

The size of the proposed extension is :-

13 metres long

20 metres wide

5.2 metres to eaves

8 metres overall height with a 15° pitch
