

**Chainlink & Weldmesh fencing**

**Client**  
Various

**Location**  
Various

**Description**  
Chainlink or Weldmesh on a roll, attached to horizontal wires fed through posts. Available in 3 colours: galvanised only, black or green. This type of fencing is very versatile and cost effective and is often used as a security fence, after the addition of extensions for barb / razor wire.

**Specification**  
Fence can range from 900mm high up to 3000mm as standard. Posts are usually manufactured from steel, but concrete posts are still used in some cases.
