**2. Agent Name, Address and Contact Details**

No Agent details were submitted for this application

**3. Site Address Details**

Full postal address of the site (including full postcode where available)

House:  Suffix:

House name:

Street address:

Town/City:

County:

Postcode:

Description:

Eight existing forestry access points which exit on to Low Road out of Raincliffe Woods. These accesses require upgrading before timber extraction commences as part of the work planned by the Raincliffe Community Woodland Enterprise.

Description of location or a grid reference (must be completed if postcode is not known):

Easting:

Northing:

#### 4. Proposed Road

Please indicate whether your proposal involves the following:

A new road  Alteration of an existing road or highway

Dimensions of the proposed road: Length:  metres Width:  metres

Surface materials of the proposed road

Materials:

1.2 Binding/base. The full length of the track, including the intersection, is to be laid with a 3m width of "Terram 1000" laid as manufacturer's specification. The terram is to be laid so that nothing is visible when the stone layer is added. Alternative manufacturers will be considered but must be agreed before commencement of contract.

1.3 Base-course material. The track shall be constructed with a layer of stone, crushed hardcore, pulverised brick or similar. The material shall be free from organic material and screened between 40mm to dust. The base course material should be laid to a minimum depth of 200mm when compacted. Materials used for surfacing should blend in with the surrounding environment and generally be dark in colour.

1.4 Surface-course material. The base course should be topped with an even layer of fines (10mm to dust) to a minimum depth of 50mm when compacted.
