Development Plan policies relevant to the decision

Local Development Framework - DP14 – Tourism and Recreation

Reason for Approval

The property is located on the edge of Ravenscar, an established tourist area, within close proximity to the classified road network and public rights of way (including the Old Railway Line). The increase in the length of stays available to visitors to Beacon Windmill will not result in an increase in traffic generation or activity which would be likely to detract from the experience of visitors and the quality of life of local residents or otherwise adversely affect the special qualities of the National Park. As such the proposal generally accords with the criteria of Development Policy 14 of the NYM Local Development Framework.
