II

House, probably early-mid C19. Coursed sandstone; incised rendered west end. Pantiled roof with stone copings and kneelers, brick and rendered stacks. South front 2 storeys, 2 bays. Glazed door under pedimented hood on console brackets. 12-pane sash to right. Paired 12-pane sashes at first floor left, single similar sash at right. This front overlapped at right by Beachholme (q.v.). Big curved kneelers. End stacks, left rendered, right rebuilt. Left return 3 storeys (due to fall of land) 2 bays, under gable. 1-storey projection, with early C19 12-pane sash, stepped back at right. Narrow bay with fixed window at left. 8-pane sash of circa 1900 on each floor above; small attic window at right. 3-storey 3-bay rear elevation has half-glazed door and 2 modern windows on ground floor, replaced 12-pane sashes on first floor and fixed lights above. Included for group value.

II

House, possibly c18, with alterations. Very worn coursed sandstone with various toolings, perhaps re-used; incised rendered west end; brick porch. Pantiled roof with stone copings and kneelers, old brick stack; plain tiles on oriels. Entrance on 2-storey 1-bay west gable end: 6-panel top-glazed double door in gabled porch with set-back right section reducing in height with slope of path. Modern fixed light on left and casement above. South front 3 storeys and attic. 3 bays, the ground storey at a lower level. Off-centre half-glazed double door; small casement to right, large transomed casement to left. First floor central half-glazed double door opening to full-width wood balcony and flanked by square oriels with pent roofs. Top floor centre and right transomed windows with fancy top glazing; wider new window at left. 2 flat-headed C20 dormers. Right end brick chimney, left end rendered chimney; copings with concave kneelers.
