This matter is being dealt with by: Mrs Jill Bastow

Dear Sir

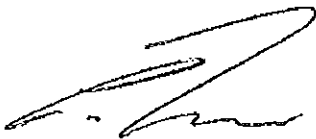

Notification for the erection of 3 no. wooden pole at Arqiva transmission Station, Whitby Business Park, Fairfield Way, Whitby. Notification under Part 24, Class A of the 1995 Town and Country Planning (General Permitted Development Order)

I refer to your notification under the above Order which was received on 14 June 2012.

I am writing on behalf of the National Park Committee, to advise you that this Authority has no objection but attach the following informative:

1. The applicant's attention is drawn to the plans to expand Whitby Business Park and to link the three different areas internally so that access can be obtained within the Park and not by having to use the A171. The latest proposed layout shows a new road leading northeast from Fairfield Way along the line of the proposed wooden poles. Further information can be obtained from the Policy Team at North York Moors National Park Authority or the local office of the Highway Authority.

Yours faithfully

COPY

Mr C M France
Director of Planning
