11 JUL 2012

AW

Hi Wendy - this is the window detail as part of the conditions there are two plans of the window on the A3 size plan attached - the first is single glazed and the second is double glazed - which would be our preference if possible

regarding the other points on the conditions - I believe Hillary saw these when she went to site and looked at the stone panel and the roof tiles

The landscaping information you already have and the final bit of info is the door details which will be my next email - hope this is ok but please email me if you need anything further - regards mick
