To the planning officer.

Dear Sir / Madam,

I am writing to say that we support the current application for the new school canteen at St. Hedda's Primary School, Eglon Bridge.

The additional space it would create would be very beneficial to the school as at the moment they don't have anywhere to do PE.

The canteen is out of date and ugly, any changes must benefit the school.

The space the canteen would provide could be used to support the community library, which is now open, as it would give improved disabled access.

Yours sincerely,

MR & MRS. HODGSON
