Planning Application NYM/201/0757/EIA

Dear MrJones,

I am most concerned about the consultation process for the above planning application. As you are aware the letter sent asking for comment dated 21st. December - received 26th Dec, clearly states that the application is to be determined at c/tee on the 12th. March 2013. I only learned of the new date for determination when I received confirmation of receipt my comments on the 8th December.

There is clearly at the very least some ambiguity concerning the period allowed for consultation, especially as I was informed verbally prior to the above application being submitted, that 16 weeks was the period which would ensue prior to a c/tee hearing.

I would be grateful if you could confirm that the earlier date i.e. the 13th.December:

1. Complies with statutory limits for consultation
2. How long have C/tee members had to consider the submissions
3. That a period of 30days from application to determination is the average
4. Will any decision made on the 13th. be final?

Please inform C/tee Chair, and the NYMNP Chief Executive of the content of this communication.

Many thanks,
Ian Havelock
