Subject: Response to planning applications from Sneaton Parish Council

NYM/2012/0828/FL Application for permission for temporary exploratory potash borehole and associated plant, equipment including drilling rig (max height 33 meters) and access arrangements (part retropective) (extended site area to that approved under NYM/2012/0601/FL, new construction access road and larger compound area) at Doves Nest Farm, Sneaton Thorpe. No objections.

The Parish Council has no objections but would like the following noted:

Assurance that the NYM is keeping a very watchful eye over what is planned.

The Parish Council needs to have details before they are made public.

The Chairperson of the Parish Council tried to get information from the Planning Office before the last Parish Council meeting. The promise was given that the call would be returned in time for the meeting. This was not done.

Virginia Ramsey.

(Parish Clerk)
