Dear Sir/Madam

Application Under Section 96A of the Town and Country Planning Act 1990 for Non material amendment to planning approval NYM/2012/0660/FL to allow removal of low level solar panels and relocation to roof together with reduction in size of glazing to south and east elevations at St Heddas Primary School, Egton Bridge

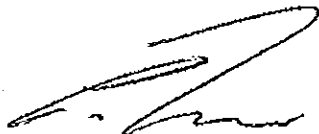

Thank you for your application validated 25 June 2013, regarding the above.

I am writing, on behalf of the National Park Authority, to advise you that the amendments outlined above and as shown on the submitted plans have been approved, subject to the following provision(s):

1. Notwithstanding the details of the approved plans to NYM/2012/0660/FL, this permission permits the change to allow removal of low level solar panels and relocation to roof together with reduction in size of glazing to south and east elevations. The development shall accord in all other respects conform with the approved plans and imposed conditions on planning permission NYM/2012/0660/FL.
2. If the use of the roof mounted solar panels hereby approved permanently ceases, it shall be removed from the site within six months of that cessation and the roofscape shall, as far as practical, be restored to its condition before development took place.

I trust that the above advice is of assistance but if you have any further queries, please do not hesitate to contact Mrs C Ward again on the above number.

Yours faithfully
