Dear Mrs. Saunders,

Thank you for your letter dated 9.9.13

re the application for 2 grass runways adjacent to South Moor Farm, Langdale End, Scarborough.

Unfortunately, I will be unable to attend the planning committee meeting on 19 September as I am away that week.

However, I would like to further my objection as follows. The area around South Moor Farm is well used by motorists, cyclists, walkers and horse riders. The danger to these of planes landing nearby is immense. The danger to horse riders & their horses if scared by a plane could be fatal. I also think there is a danger of fuel being so close to the trees.

Yours sincerely
