Subject: Comments on NYM/2014/0720/FL

NYM/2014/0720/FL. Replacement lean to livestock building (part retrospective) (revised scheme to NYM/2014/0123/FL), St. Athanasius' monastery, Langdale End

Council strongly objects to this application.

Yet again this application is retrospective. The amount of buildings on the proposed site are already more than enough - this additional building is simply over-intensification. Its need is not adequately demonstrated. It is also nearer the beck and therefore prone to flooding. The amendments which have been made are not considered sufficient to prevent pollution of the watercourse, although Council hopes that the Environment Agency will submit its own comments on the application.
