Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.) Yes No
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?
Will the proposal increase the flood risk elsewhere? Yes No
How will surface water be disposed of?
Sustainable drainage system Main sewer Pond/lake
Soakaway Existing watercourse
13. Biodiversity and Geological Conservation
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, Of on land adjacent to or near the application site:
a) Protected and priority species
Yes, on the development site Yes, on land adjacent to or near the proposed development No
b) Designated sites, important habitats or other biodiversity features
Yes, on the development site Yes, on land adjacent to or near the proposed development No
c) Features of geological conservation importance
Yes, on the development site Yes, on land adjacent to or near the proposed development No
14. Existing Use
Please describe the current use of the site:
Garage and garden for Moraine.
Is the site currently vacant? O Yes O No
