Dear Helen Webster,

I shall be unable to attend the Planning Meeting on 14/01/2016 to speak against the above as I have a hospital appointment.

I stand by my objections as outlined in my previous letter and confirm that I have no objection to the present arrangement, whereby a temporary marquee is erected as required.

I would merely add two things. That you consider the fate of the Holbeck Hotel in Scarborough, and that a considerable amount of time and money has gone into making the cliff edge and slopes below the Victoria Hotel more stable. The second point is that in exceptional circumstances a Committee Site Visit may be held" (page 2 of your enclosure). As this is a crucial site of some fraility, I propose that you see for yourselves how vulnerable this area is to slippage, and the visual impact such a development would have on the village and surrounding area.

Yours sincerely

John Turnaley

P.S. This proposed development seems strangely at odds with the "Coastal Strategy" meeting I attended last month, but of course that was held/convened by the powers that be at Scarborough Town Hall so you may be unaware of his process.
