

# Premium Log Pods

Log Pod camping pods have become an industry byword for luxury camping, often referred to as '**Glamping**'. Manufactured by skilled craftsmen from top quality materials and supplied from our own factory in South Wales our Log Pods have been designed to give campsites, holiday park and hotel owners a cost effective route into the popular and lucrative Glamping sector.

Glamping

Warm in winter and cool in summer, our Premium Log Pods are fully insulated for all year round occupation. Supplied with a certified electrical system allowing for home comforts such as lighting, heating and TV

they offer your guests the ultimate '**home away from home**' experience letting them get '**back to nature**' without the inconvenience or effort normally associated with traditional camping under canvas.

## Generate all year round income

Insulated

For site owners and operators one of the greatest benefits of Log Pods is the ability to accommodate visitors all year round no matter what the famous British Weather can throw at you. They can also broaden your customer base as you will find that they encourage people to holiday with you who would not normally consider traditional camping in a canvas tent.

Log Pods can also be sited on ground which would not normally be suitable for camping allowing you to maximise your revenue by letting pitches on land that would otherwise be unused. With their generous floor space and

headroom along with a luxury feel they are sure to be a hit with your guests, whilst their ever increasing popularity and long service life are sure to have a positive impact on your business.

29 FEB 2016

## Outstanding luxury camping

In meeting the needs and expectations of our customers, a Log Pod combines smooth curves and natural beauty with all the quality and practicality that you would expect from a craftsman built luxury product.

- Fully mobile multi wheeled chassis
- Visually pleasing 'Arched' design
- Deep covered porch area with decking
- Double glazed door and window
- Suitable for wheelchair access
- Certified electrical system installed
- Metrotile shingles or Loglap exterior
- Choice of finish to suit your site
- Blends effortlessly into rural landscapes
- Very spacious luxury timber interior

# Premium Log Pods

Production

We have manufactured and supplied Log Pods to site operators in a wide range of sectors including Country House Hotels, Holiday Parks, Campsites, Youth Camps, Outdoor Activity Centres, Fisheries / Fishing Lodges, Retreats and Meditation Centres, Equestrian Centres, Pubs, Bed and Breakfast establishments together with Nature Reserves and Woodland Management organisations where they have been used as both discreet mobile offices and staff accommodation.

Due to their superior build quality and inherent durability we are also very proud to have been

chosen to supply Local Authority customers with Log Pods for use as accommodation at learning and outward bound centres including most recently a site in the foothills of the Snowdonia National Park.

## The ultimate in 'comfy' camping

Just one of the many options available, our popular matching bed and table fitment is available fitted free of charge if ordered with your Camping Pod. Attractive and versatile it easily converts from a daytime dining table that comfortably seats four adults into a generous double bed by night, whilst still leaving you lots of room for additional sleeping accommodation in your Pods.

Available with or without our tailor made heavy duty leatherette covered memory foam cushions, they are comfortable and practical without losing the back to nature experience your customers are looking for.

Comfortable

For site owners looking to offer their customers the ultimate Glamping experience, our Deluxe en-suite bathroom option takes luxury camping to the next level. It's added value and convenience can also boost your revenue by helping you achieve much higher pitch fees.

With an integrated hot water system supplying a washbasin and fully enclosed shower it also features a full size toilet together with all of the usual bathroom essentials that you would normally only expect to find in the best hotels.

Luxurious

Be loved by your customers and envied by your competitors, ***camping never looked so good***

# Flat Pack Camping Pods

We offer three distinct styles of **flat pack** camping structure, The Pod, The Cabin & The Barrel. This range offers site owners and operators the **lowest cost** route into the popular and lucrative **Glamping** sector. For home owners they offer a spacious garden room ideal for alfresco entertaining, a hobby room, office or studio or can simply be used as comfortable additional overnight accommodation for your house guests.

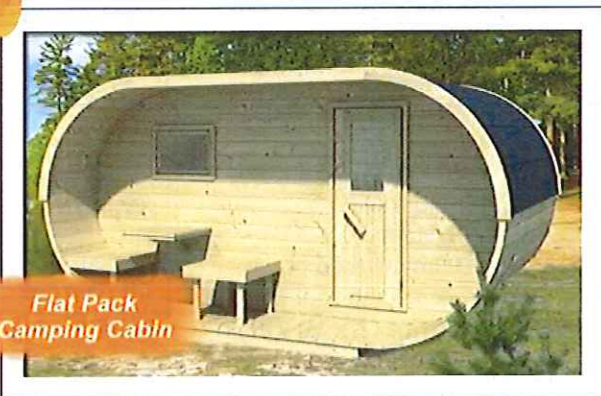

The '**Camping Pod**' is our starter model of wooden all weather camping structure. Camping Pods offer your site visitors a popular and environmentally friendly alternative to camping in a tent or caravan.

This model is available in three popular sizes, 4 meters, 4.8 meters and 5.8 meters long. With a generous width and height these dimensions give you a choice of Pod sizes to suit single campers or couples right through to family groups. Our large 5.8 meter Pod also has an internal partition wall & door giving you a two room Camping Pod perfect for families.

Flat Pack  
Camping Pod

## Cost effective 'comfy' camping

Flat Pack  
Camping Cabin

Our '**Camping Cabin**' offers a different take on the traditional style camping pod, with more of a Cabin style than an arched Pod they give your campsite an extra dimension of perceived luxury allowing you to maximise your revenue on what is still a modest investment in the cabins themselves.

We have three models of Camping Cabin available, all having a visually pleasing oval shape which maximises the internal space. Very versatile, they are available in a range of sizes and internal layouts to suit couples through to family groups.

29 FEB 2019

## Versatile and affordable

Our new '**Camping Barrels**' are the latest continental style camping unit to hit the UK Glamping scene. With three different models all featuring an innovative and versatile two room layout, even the smaller size 'Barrel' can hugely increase the accommodation options for your campsite or holiday park business.

The Camping Barrel's we offer all include a living area with 'stowaway' dining table and bench seating that doubles as two single beds. They also feature a separate end bedroom with a double bed, roomy storage and a large double glazed panoramic window.
