Ref. application re. change of use of land
grid ref. 494917505578 and erection of fencing
and summer house at land adjacent to Field House
Robin Hoods Bay.

Dear Mrs. Saunders,

We are the occupiers of
house situated immediately opposite the
piece of land in question.

We do not have any objection to the
application with regard to the change of
use of the said land.

We have however been led to believe
that the erection of the fencing and the
summer house complies with Park building
regulations and planning consents. If this
is not the case then I am sure your
officers and the Park Authority will take
this into account when determining the
application.

Yours sincerely,
