

Town and Country Planning Act 1990
North York Moors National Park Authority

Notice of Decision of Planning Authority on Application for
Permission to Carry out Development

To Mr Milnes
c/o Mr John Blaymires
56 Pasture Lane
Seamer
Scarborough YO12 Q4R

COPY

The above named Authority being the Planning Authority for the purposes of your application registered 20 September 2012, in respect of proposed development for the purposes of alterations and extensions together with conversion of outbuildings to provide ancillary residential accommodation and 2 no. holiday letting cottages and alterations to parking at Cliff Farm, Iburndale, Sleights has considered your said application and has granted permission for the proposed development subject to the following condition(s):

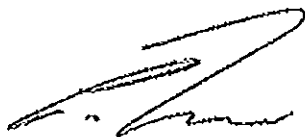

1. The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.
2. The development hereby permitted shall not be carried out other than in strict accordance with the following documents:

Document Description	Document No.	Date Received
Proposed Extension	2011/21/30P	25 September 2012
Proposed Extension	2011/21/35P	25 September 2012
Detail south/east elevations	2011/21/52P	30 August 2012
Rear Elevations	2011/21/37P	10 July 2012
Layout	2011/21/32P	10 July 2012
Proposed Extension	2011/21/33P	10 July 2012
Driveway	2011/21/30P	22 November 2012

or in accordance with any minor variation thereof that may be approved in writing by the Local Planning Authority.

3. No work shall commence to clear the site in preparation for the development hereby permitted until details of a programme of works to mitigate the impact of the development on any bats at the site have been submitted to and approved in writing by the Local Planning Authority. The programme shall include a survey of the buildings to determine the extent of any bat presence and a written scheme of mitigation measures. The work shall not be carried out otherwise than in accordance with the details so approved.
4. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2008 (or any order revoking and re-enacting that Order), no development within Schedule 2, Part 1, Classes A to H Schedule 2, Part 2, Classes A to C and within Schedule 2 Part 40 Classes A to I of that Order shall take place without a further grant of planning permission being obtained from the Local Planning Authority.
5. The dwelling units hereby approved shall not be used for residential purposes other than holiday letting purposes. For the purpose of this condition 'holiday letting' means letting to the same person, group of persons or family for period(s) not exceeding a total of 28 days in any one calendar year.

Conditions (Continued)

6. This permission has been granted in accordance with the details specified in the survey prepared by Maughan Associates received on 07 September 2012. More extensive works of demolition and rebuilding that does not accord with these details may render the permission invalid and may require a further grant of planning permission from the Local Planning Authority.
7. All new stonework and roofing tiles used in the development hereby permitted shall match those of the existing building, including the colour and texture of the stone and the method of coursing, pointing, jointing and mortar mix unless otherwise agreed with the Local Planning Authority.
8. All new window frames, glazing bars and external door frames shall be of timber construction, painted in a colour to be approved by the Local Planning Authority. The work shall not be carried out otherwise in accordance with the approved details within six months of the date of installation and shall be maintained in that condition in perpetuity unless otherwise agreed in writing with the Local Planning Authority.
9. The guttering to the development hereby permitted shall be directly fixed to the stonework by means of gutter spikes with no fascia boarding being utilised in the development and shall thereafter be so maintained in that condition in perpetuity unless otherwise agreed in writing with the Local Planning Authority.
10. The rainwater goods utilised in the development hereby permitted shall be coloured black and shall thereafter be so maintained in that condition in perpetuity unless otherwise agreed in writing with the Local Planning Authority.
11. No work shall commence on the installation of any external fixtures to the building to which this permission relates until details of all external fixtures have been submitted to and approved in writing by the Local Planning Authority. The details should include for provision for any exterior lighting, meter boxes, signage, wall or roof flues, television antennae and satellite dishes that may be proposed to be installed. The external fixtures shall be installed wholly in accordance with the approved details.
12. The external face of the frame to all new windows shall be set in reveals to match those of the existing windows and shall be maintained in that condition in perpetuity unless otherwise agreed in writing with the Local Planning Authority.
13. No work shall commence on the installation of any replacement or new windows (and glazing if included) in the development hereby approved until detailed plans showing the constructional details of all window frames to be used in the development have been submitted to and approved in writing by the Local Planning Authority. Such plans should indicate, on a scale of not less than 1:20, the longitudinal and cross sectional detailing including means of opening. The window frames shall be installed in accordance with the approved details and shall be maintained in that condition in perpetuity unless otherwise agreed in writing with the Local Planning Authority.

Conditions (Continued)

14. There shall be no access or egress by any vehicles between the highway and the application site until full details of any measures required to prevent surface water from non-highway areas discharging on to the existing or proposed highway together with a programme for their implementation have been submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority. The works shall be implemented in accordance with the approved details and programme.
15. Unless otherwise approved in writing by the Local Planning Authority, there shall be no excavation or other groundworks, except for investigative works, or the depositing of material on the site until the access(es) to the site have been set out and constructed in accordance with the published Specification of the Highway Authority and the following requirements:
 - i) The crossing of the highway verge and/or footway shall be constructed in accordance with the approved details drawing number 2011/21/30P and / or standard detail B4.
 - ii) Any gates or barriers shall be erected a minimum distance of 6 metres back from the carriageway of the existing highway and shall not be able to swing over the existing or proposed highway.
 - iii) That part of the access(es) extending 6 metres into the site from the carriageway of the existing highway shall be at a gradient not exceeding 1 in 10.
 - iv) Provision to prevent surface water from the site/plot discharging onto the existing or proposed highway shall be constructed in accordance with the approved details and maintained thereafter to prevent such discharges.
 - v) The final surfacing of any private access within one metre of the public highway shall not contain any loose material that is capable of being drawn on to the existing or proposed public highway.

All works shall accord with the approved details unless otherwise agreed in writing by the Local Planning Authority.

16. No part of the development shall be brought into use until the existing access on to The Cliff has been permanently closed off and the highway restored. These works shall be in accordance with details which have been approved in writing by the Local Planning Authority in consultation with the Highway Authority. No new access shall be created without the written approval of the Local Planning Authority in consultation with the Highway Authority. These works shall include where necessary, replacing kerbs, footways, cycle-ways and verges to the proper line and level.
17. There shall be no access or egress by any vehicles between the highway and the application site (except for the purposes of constructing the initial site access) until splays are provided giving clear visibility of 45 metres measured along the eastern channel line of the major road known as The Cliff and 33 metres measured along the western channel line from a point measured 2 metres down the centre line of the access road. The eye height will be 1.05 metres and the object height shall be 1.05 metres. Once created, these visibility areas shall be maintained clear of any obstruction and retained for their intended purpose at all times.

Town and Country Planning Act 1990

1/12/12

Continuation of Decision No. NYM/2012/0402/FL

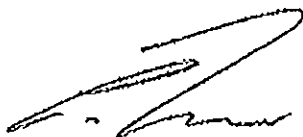

Informative(s)

1. The proposed development lies within a coal mining area which may contain unrecorded mining related hazards. If any coal mining feature is encountered during development, this should be reported to The Coal Authority. Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 08457626848 or at www.groundstability.com
2. Please note the concerns of the Environmental Health Officer in terms of the means of escape and refuse collection. The route of escape from the two holiday letting bedrooms in the event of a fire is via the lounge and kitchen/dining room which are high risk rooms. The existing refuse collection point at Cliff Farm should be used for the new development.
3. In relation to condition 15 you are advised that a separate licence will be required from the Highway Authority in order to allow any works in the adopted highway to be carried out. The 'Specification for Housing and Industrial Estate Roads and Private Street Works' published by North Yorkshire County Council, the Highway Authority, is available at the County Council's offices. The local office of the Highway Authority will also be pleased to provide the detailed constructional specification referred to in this condition.
4. In relation to condition 17 an explanation of the terms used above is available from the Highway Authority.

Reason(s) for Condition(s)

1. To ensure compliance with Sections 91 to 94 of the Town and Country Planning Act 1990 as amended.
2. For the avoidance of doubt and to ensure that the details of the development comply with the provisions of NYM Core Policy A and NYM Development Policy 3, which seek to conserve and enhance the special qualities of the NYM National Park.
3. In order to comply with the provisions of NYM Core Policy C which seeks to protect species protected under national and international legislation.
4. In order to enable the Local Planning Authority to retain control over future alterations to the property in the interests of safeguarding the existing form and character of the building in line with NYM Development Policy 3 and NYM Core Policy A, which seek to enhance and conserve the special qualities of the NYM National Park and secure high quality design for new development.
5. The site is in a position where the permanent occupation of the accommodation hereby permitted as a separate independent dwelling unit would be likely to be detrimental to the residential amenities of existing and future occupiers of the holiday accommodation and main dwelling.
6. In order to ensure that the development is carried out in a manner which safeguards the existing fabric of the building and to comply with the provisions of NYM Development Policy 5.
